

Chair: Professor Piet Haers

FACE AHEAD 2026

Dental Based Oral and Facial Rehabilitation in Complex Oral and Maxillofacial Surgery

VENUE

- ▶ **Avani+ Riverside Bangkok Hotel**
257/1-3 Charoennakorn Road Samrae Thon Buri, Bangkok 10600, Thailand

DATE

- ▶ **1ST OCT** | **THURSDAY**
13:00 - 17:00 (ICT)

FEE

- ▶ **FOC**

SPEAKERS

01

Prof. Alfred Lau

*Founding Member & Board of Director – Treasurer, AOMI
Specialist in Oral and Maxillofacial Surgery
BDS(HK), MDS(OMS)(HK), MSc(HCM)(Ireland), MOSRCS(Edin), AdvDipOMS(HK),
FDSRCS(Edin), FDSRCPS(Glasg), FHKAM(DS), FCDSHK(OMS)*

Dr. Alfred Lau works in a private day surgery center and serves as an honorary Clinical Associate Professor of OMFS at HKU. He is the honorary consultant in OMS at Queen Mary Hospital and the Hong Kong Sanatorium and Hospital. Dr. Lau was the President of the Hong Kong Association of OMS (2016-2019) and is the founder of the Young Oral and Maxillofacial Surgeon Group of HK. He holds leadership positions in several international OMS associations and serves as a Hong Kong Dental Council examiner. Dr. Lau frequently speaks at international conferences and authored a book on OMS to increase public awareness in Hong Kong.

02

Dr. Benjie Law

*Oral and Maxillofacial Surgeon
Hospital Canselor Tuanku Muhriz, Universiti Kebangsaan Malaysia*

Dr. Benjie Law is an Oral and Maxillofacial Surgeon with strong academic distinction and extensive clinical experience in Malaysia. He graduated with a Bachelor of Dental Surgery (BDS) from Manipal University in 2013, where he was awarded the Gold Medal for Best Outgoing Student. He subsequently obtained Membership of the Faculty of Dental Surgery (MFDS) from the Royal College of Surgeons of Edinburgh in 2017, and holds both Fellowship (FICOI) and Mastership (MICOI) credentials from the International Congress of Oral Implantologists. In 2022, he completed his Master of Clinical Dentistry in Oral and Maxillofacial Surgery with Distinction from the University of Malaya.

Dr. Law began his career with the Ministry of Health Malaysia before pursuing specialist training in Oral and Maxillofacial Surgery at Universiti Kebangsaan Malaysia Medical Centre (UKMMC). His postgraduate training included rotations across major tertiary centres, including University Malaya Medical Centre, Hospital Kuala Lumpur, and Hospital Melaka, providing comprehensive exposure to complex maxillofacial pathology and reconstructive surgery. He currently serves as an Oral and Maxillofacial Surgeon at Hospital Canselor Tuanku Muhriz, Universiti Kebangsaan Malaysia, and is actively involved in undergraduate clinical teaching as a Visiting Lecturer at the Faculty of Dentistry, UKM.

His clinical interests include dentoalveolar surgery, advanced implantology and full-arch rehabilitation, bone grafting, management of odontogenic cysts and tumours, facial trauma, orthognathic surgery, temporomandibular joint disorders, sinus surgery, and the rehabilitation of oncology and post-traumatic defects. He has a particular focus on complex surgical cases and digitally guided implant workflows. Dr. Law is an active member of several professional bodies, including the Malaysia Dental Council, Malaysian Association of Oral and Maxillofacial Surgeons (MAOMS), International Association of Oral and Maxillofacial Surgeons (IAOMS), the Malaysian Dental Association, and the Royal College of Surgeons of Edinburgh. He has published in peer-reviewed journals, presented at international scientific meetings, and is a sought-after speaker in implantology and surgical education programs.

SPEAKERS

03

Prof. Gunaseelan Rajan

*Board of Director & Editor in Chief, AOMI
MBBS., BDS., FDSRCS (England)., PhD., DSc (Honoris Causa).,
Oral & Maxillofacial Surgeon, Medical Director, Rajan Dental Institute*

Prof. Dr. Gunaseelan Rajan holds both Medical and Dental degrees followed by a Fellowship from the Royal College of Surgeons of England, a PhD and more recently a DSc Honoris Causa who serves as the Medical Director of Rajan Dental. He has earned a tremendous reputation as a dentist and is also a high profile researcher and academician who has been published repeatedly in international peer-reviewed journals. He has developed Rajan Dental into a multi-specialty modern institute of world-class dental care, building on the founder Dr. B. P. Rajan's core values of trust, expertise and care. He has been instrumental in bringing advanced treatment techniques and clinical concepts to India such as: Computer based planning and 'Nobel – guide' surgical technique, 'Teeth-in-an-hour' concept (where implants and artificial teeth are fixed in 1 hour) and Zygoma implant technique.

04

Prof. James Chow

*Founding Member & Board of Director – Vice-President, AOMI
Specialist in Oral and Maxillofacial Surgery BDS(HK), MDS(HK), MBBS(HK),
FRCS(ENG), FDSRCS(ENG), FRCD(C), FCDSHK(OMS), FHKAM, FICD*

Dr. James Chow received his dental and medical degree from Hong Kong University in 1988 and 1998 and completed his specialist training in Oral and Maxillofacial surgery in Hong Kong. He is the Honorary Associate Professor at Hong Kong University and Shanghai Jiaotong University. Dr. Chow has expertise in immediate dental implant loading, Zygomatic implants, and guided surgery. He lectures nationally and internationally and has published over 20 articles on dental implants, computer-aided surgery, and three-dimensional technology in oral surgery. His private practice is located in Hong Kong.

05

Prof. Piet Haers

*Founding Member & Board of Director – President, AOMI
MD(B), Lic. Dent (B), Dr. med (CH), Dr. med. Dent. (CH), PhD, FEBOMS, FDSRCS ad eundem,
FGDPRCS ad eundem, FICD, FIBCSOMS hon*

Prof. Dr. Piet Haers is a Consultant Oral and Maxillofacial Surgeon with nearly twenty years of experience at the specialist level, providing advanced surgical referral services for dental colleagues. His practice is focused on orthognathic surgery for complex skeletal discrepancies (Class II/III), sophisticated dental implantology including bone augmentation, and advanced dentoalveolar surgery. He is a trusted partner for the management of impacted teeth, pre-prosthetic surgery, and the surgical components of interdisciplinary treatment plans. He operates across several leading private hospitals in London and Surrey, including The Portland Hospital, London Bridge Diagnostic & Treatment Centre, and the Nuffield Health Guildford Hospital. Colleagues can refer with confidence, assured of a collaborative approach, clear communication on treatment pathways, and a commitment to achieving functionally sound and aesthetically refined surgical outcomes for shared patients.

SPEAKERS

06

Prof. Surakit Visuttiwattanakorn

Oral and Maxillofacial Surgery : Orthognathic Surgery, Reconstructive Surgery, Cleft Surgery, TMJ Surgery, Facial Contouring Surgery

Dr. Surakit Visuttiwattanakorn, D.D.S., is a prominent Oral and Maxillofacial Surgeon and Director of the Dental Hospital at Mahidol University in Thailand. With over two decades of clinical experience, he specializes in complex dental implants, orthognathic surgery, and facial reconstruction.

Dr. Visuttiwattanakorn is well-recognized both academically and clinically: Primary Roles: Lecturer and Director of the Dental Hospital at the Faculty of Dentistry, Mahidol University. Clinical Affiliation: He also practices at Bangpakok 9 International Hospital in Bangkok. Education & Board Certifications: Holds a D.D.S. (Doctor of Dental Surgery) and is certified by the Thai Board of Oral and Maxillofacial Surgery.

07

Prof. Teresa Tian Zhou

*Associate Chief Physician, Ph.D
Department of Oral and Maxillofacial-Head and Neck Oncology, Ninth People's Hospital, Shanghai Jiao Tong University School of Medicine
Visiting Researcher, Friedrich-Alexander University Erlangen-Nürnberg, Germany*

Member, Oral Rehabilitation Professional Committee, Shanghai Stomatological Association
Member, Stomatological Materials Professional Committee, Chinese Stomatological Association
Specializes in prosthodontic treatment for oral and maxillofacial as well as facial defects; jawbone reconstruction and implant-supported rehabilitation for complex dentition defects.

Research Achievements:

In recent years, Dr Zhou has obtained over two national and provincial-level research projects; published thirteen SCI papers as first author or corresponding author; obtained five national invention patents.

AGENDA

TIME	TOPIC	SPEAKER
13:00 - 13:10	Welcome Address	
13:10 - 13:30	Complex Cleft-Orthognathic Reconstructions: Bridging Functional Rehabilitation and Esthetic Excellence	Prof. Piet Haers
13:30 - 13:50	Virtual Planning in Complex Midface Reconstructions in Oncology Patients	Prof. Teresa Tian Zhou
13:50 - 14:10	Stability or Accuracy in Dental Implant Surgery, Why Do You Only Pick One ?	Prof. Alfred Lau
14:10 - 14:30	An Evidence-Based Approaches To All-On-4 And Beyond	Dr. Benjie Law
14:30 - 14:50	Q&A	
14:50 - 15:30	Break	
15:30 - 15:50	Zygomatic Implant Surgery Protocol From Flap To Flapless	Prof. Surakit Visuttiwattanakorn
15:50 - 16:10	The Intersection of Robotics and Dynamic Navigation: Navigating the Atrophic Maxilla with Quad-Zygomatic Protocols	Prof. James Chow
16:10 - 16:30	The Evolution of Zygomatic Solutions through Zyrax Protocols	Prof. Gunaseelan Rajan
16:30 - 16:50	Q&A	
16:50 - 17:00	Session Closing
